6:30 PM Volunteer Fair – divide and conquer. Decide if it will be organizations, or organizations and businesses? Canaan only or area-wide? This may affect the newspaper write-up which can be easily changed.

- Review the organizations/businesses in our area and decide who will visit/speak to each one.
- Create a script so each of us is basically saying the same content. This should include a brief history of H&S, summary of our Action Plan (5 community values), our interest in making things come to life or build community (projects), and our interest in having a community fair.
