Summit After-Action Discussion

- **Attendance:** wish the attendance was higher, but the quality of the discussion and attendees was high
- **Logistics:** good; next time have vendors make 25 servings each, however due to unforeseen circumstances, this worked out for the best; heat was an issue as the school had been on vacation but was corrected; rotating table to table was better than having attendees commit to one table/topic
- **Schedule:** setting up the night before did not work due to miscommunication; the time allotted for the summit was sufficient
- **Year-End Report** at Town Meeting: good idea; we will be placing on the next agenda on options how appropriated money could be placed in an account and be subsidized to the concurrent year

Review/Refine H&S Statements

- **Youth Opportunities/Education:** We value our children and their voices, provide chances to pursue their dreams intergenerational opportunities, and assure people look out for each other creating a safe place. Open communication between all ages promotes participation in the community.
- **Community:** We value our community because we are friendly, helpful, welcoming and everyone has an opportunity to have a voice effectively. Our community has a wonderful fabric of various members weaving together a tremendous tapestry.
- **Events:** We value our community's events as they bring people together from all walks of life to share in our fun attractions and history.
- **Outdoor Recreation:** We value our natural environment, its pace, and utilize it both recreationally and commercially.
