  - III. Review of Canaan Naturally Connected Survey Results and Approval of Their Recommendations for Moving Forward  
Motion \_\_\_\_\_ Second \_\_\_\_\_ Action \_\_\_\_\_
- Discussed survey results. People would like more events in the Canaan Community Forest. Possibly a “Meet the Trails” Day. Yvan mentioned making another loop trail. We could do this with community volunteers. There is a feeling that we would get people interested in doing projects if we asked them. Overall, the survey and CNC event was useful to both gain and share information. The increased communication was useful.**
- IV. Discussion - Update on Road Condition and Process Since May 20, 2021 Meeting
  - V. Discussion - Concerns about the Four Wheeler Access to the Community Forest.
  - VI. Discussion/Action - Approval of construction of an approximate 20' by 50' pole barn for storage of sawmill and other equipment. No estimated cost to the CCF at this time.
